

## MY 15TH BIRTHDAY

An important celebration for me was my 15th birthday.

My family rented a party house and we invited some friends and family. It was a very beautiful place, with lots of colorful flowers, a blue pool, games room and colorful balloons hanging.

During the day we barbecued, danced and played in the pool. And at night we played in the games room.

It was a very special occasion for me because I was turning 15 and it was very special to be able to celebrate and be with all the people who were special to me.
