

## WISHES N REGRETS

*Created on February 19, 2024 by Murilo ROSSI FACCHINI*

### **Situation different, unlikely to change:**

**I wish / if only** + subject + verb in past/could

**I wish / if only I weren't** so shy

### **Regret about the situation in the past:**

**I wish / if only** + subject + verb in the past perfect

**I wish / if only I hadn't got** on that ride. I'm terrible dizzy.

### **Want someone stop doing an action because it's annoying:**

**I wish/ if only** + subject + would + verb in infinitive

**I wish / if only would stop** signing the same song again and again.
